graduate level book on the economics business and cultural dimensions of the united arab emirates 2014

electronic commerce is one of the most important aspects to emerge from the internet it allows people to exchange goods and services immediately with no barriers of time or distance initially e commerce was primarily the domain of large firms

due to its initial format of customized complex and expensive transactions essential barriers to entry by smaller competitors today for a nominal fee anyone may become an online merchant with the potential to reach millions of consumers world wide in essence the development of the internet has had the same effect on e commerce as henry ford s assembly line on the automotive industry it has converted a luxury for the few into a relatively simple and inexpensive device for the masses in this book we will explore these impacts and innovations the purpose of this book is to provide a preliminary analytical foundation knowledge base which then may be used for further more advanced study it is not intended to be an exhaustive analysis yet at the same time provides as much information as possible to provide an accurate depiction of the current state and likely future direction of e commerce

annotation researchers business people and policy makers have recognized the importance of addressing technological economic and social impacts in conjunction for example the rise and fall of the dot com hype depended on the strength of the business model on the technological capabilities available to firms and on the readiness of the society and economy at large to sustain a new breed of business activity social and economic transformation in the digital era addresses this challenge by assembling the latest thinking of leading researchers and policy makers in key subject areas of the information society and presents innovative business models case studies normative theories and social explanations
